

Specimen Label

PRINCIPAL FUNCTIONING AGENTS:

Paraffin Oil, Surface Active Compounds and Coupling Agents 100%

FOLLOW RECOMMENDATIONS AND LABEL RATES OF HERBICIDE MANUFACTURERS.

KEEP OUT OF REACH OF CHILDREN WARNING

Causes serious eye irritation.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Read label before use. Keep container tightly closed. Keep only in original container. Avoid breathing dust, fume, gas, mist, vapors or spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection and face protection.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

Have the product container with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes.

IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

PREMIER BLUE is a unique, highly emulsified low viscosity non-aromatic/noncarcinogenic diluent with select surface-active compounds and coupling agents. The low viscosity oils and other ingredients used in **PREMIER BLUE** are designed specifically for use in very cold temperatures and will perform and remain sprayable well. **PREMIER BLUE** is developed specifically for basal-bark and cut-surface brush control applications, where triclopyr (*Element® 4, Garlon® 4 Ultra, Remedy® Ultra) and imazapyr (*Stalker®) are used in a premix.

DIRECTIONS FOR USE

PREMIER BLUE can be used at dilution ratios of 1:4 (20%) or 1:3 (25%) when following the herbicide manufacturers' label recommendations. **PREMIER BLUE** is designed for use with 15 - 20% triclopyr (*Element® 4, Garlon® 4 Ultra, Remedy® Ultra) and 1 - 5% imazapyr (*Stalker®) v/v.

NOTE: Use rates may vary dependent on environmental conditions and applications. Increase rates as necessary for additional wetting and penetration. Some imazapyr product must be present in order for the emulsion to perform correctly. Do not exceed or go below levels specified on this label.

*Element®, Garlon®, and Remedy® are registered trademarks of Dow Agro Sciences.

*Stalker® is a registered trademark of BASF.

HANDLING AND STORAGE

Store locked up. Store in a cool well-ventilated place. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

CONTAINER DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

WARRANTY

Red River warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to the label instruction, or any abnormal conditions, or under conditions not reasonably foreseeable to Red River, and buyer assumes the risk of any such use.
